OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 20 April 1977

1. (Unclassified - NDL) LIAISON Per his request, I mailed a copy of the publication, "The International Energy Situation: Outlook to 1985," to Ed Tonat, on the staff of Representative Bruce F. Vento (D., Minn.).

2. (Unclassified - NDL) EMPLOYMENT Received a call from Natalie Wilander, in the Indiana district office of Representative Adam Benjamin, Jr. (D., Ind.), who requested three brochures and application forms for constituents. I told her we would be happy to forward them to her, and have done so.

3. (Unclassified - THW) LIAISON Called Bill Cleary, in the office of Representative James Johnson (R., Colo.), and told him that we could work out something of a tour and overview briefing on Agency activities and how we offer support to Congress and that a group of 30-40 Administrative Assistants would be the best size for efficient handling of such a briefing. He said the Association was having a Board Meeting this evening and would pass the information on and would get back to me if it was decided to ask for such a tour, and at the same time would give me some possible dates.

4. (Unclassified - KSN) LIAISON Sent to Representative James Martin (R., N. C.) a copy of the Agency publication entitled, "The International Energy Situation: Outlook to 1985," per his request.

5. (Unclassified - CM) CONSTITUENT Joan, of the staff of Representative William Nichols (D., Ala.), called on behalf of a high schooler constituent to ask what courses one might take in college to prepare for a career in CIA. I suggested that one would do best to do something he liked and do it well, since CIA accommodates a wide variety of interests in the social and natural sciences. Joan was satisfied.
